Create Job Screen

- Selecting a piece of equipment will give you the ability to create a job for that piece of equipment.
- This job will then appear in your active job screen.

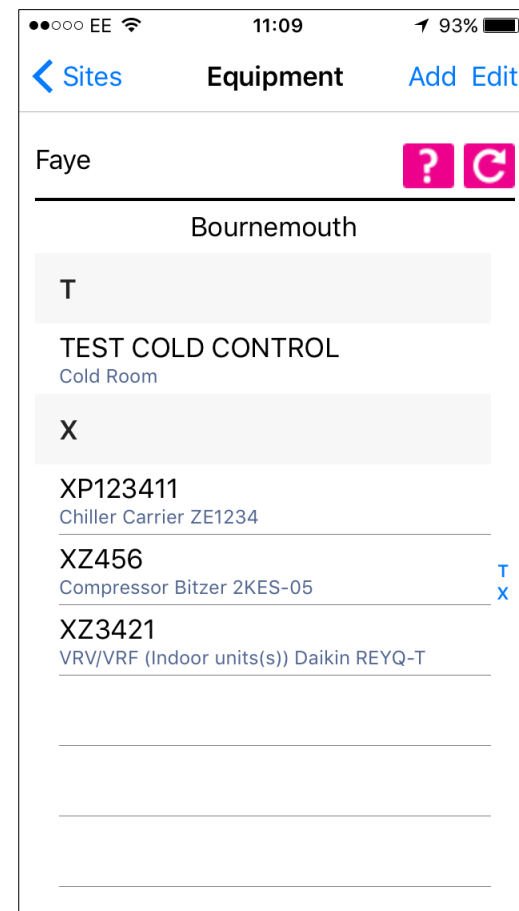

1

Customers Screen

- The customer screen displays a list of your current customers and this is where you add or edit customer details

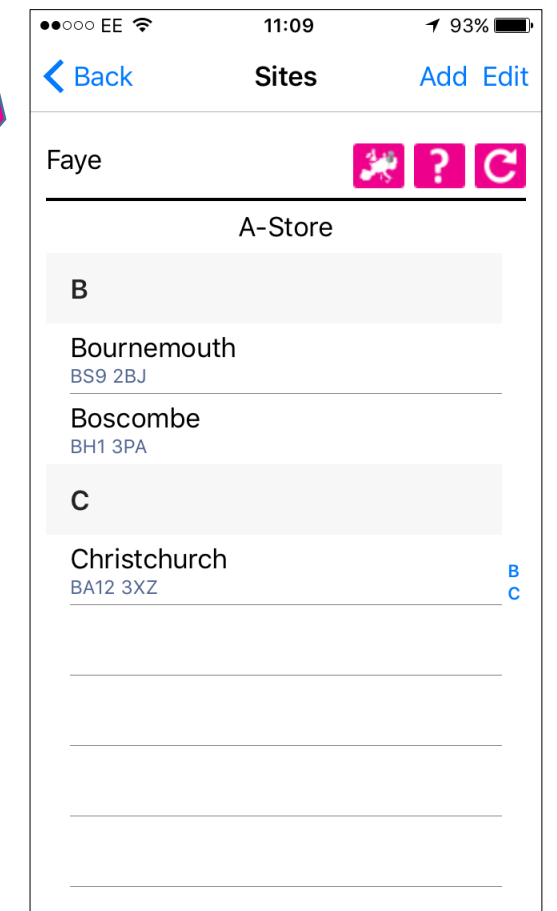

3

Equipment Screen

- Each customer site has their own equipment log.
- This screen displays all the different pieces of equipment stored at this site and equipment can be added or edited using the buttons at the top right of the screen.

2

Customer Sites Screen

- The customer sites screen displays all the locations held by a particular customer.
- Simply click add or edit in the top right hand corner to add or amend a current site held by a customer.
